

Scrum 01 Retrospective

<https://cseejira.essex.ac.uk/browse/A293011-26>

Date:

30/10/2020

Attendees:

All team members present.

Meeting summary:

We have discussed the work completed during the sprint.

All team members have successfully created their mbed accounts and been given access to the code repository.

All team members have been able to access their gitlab accounts and push work to the server.

We have restructured the gitlab repository to make it easier to navigate and create individual work folders for the team members.

A new sprint has been created with tasks assigned to individual team members.
